# AFFIDAVIT FOR PROBABLE CAUSE

---

STATE OF INDIANA, COUNTY OF MARION, SS:

Detective Tiffany Mastin swears (affirms) that:

## BACKGROUND

The Indianapolis Metropolitan Police Department (“IMPD”) Nuisance Abatement Unit is responsible for investigating nuisances creating significant issues for public health, safety, and welfare, particularly where the public safety threat is created by a business operating in an illegal manner. Your affiant, Detective Tiffany Mastin, is currently employed with IMPD’s Nuisance Abatement Unit and is an eight-year law enforcement officer who has investigated numerous illegally operated businesses.

One of the most common violations the unit investigates is with illegal events thrown at short term rentals such as Airbnbs or business locations rented for specific events. These events require licensing to protect the public health, safety, and welfare.

Marion County Ordinance 881-1 states; *It shall be unlawful for any person to hold any dance, or to own, operate or allow the operation of any building or premises in the city where dancing is indulged in or permitted, and where music is performed live or reproduced by any type of electronic or mechanical device, without first obtaining a dance permit or annual dance license therefor from the license administrator. Whenever a dance requiring a permit or annual license is held on premises not owned or leased for a term of one (1) year or more by the person holding the dance, the owner or lessee of the property and the person holding the dance must each first obtain a permit or annual license.*

These short terms rentals usually do not have adequate safety features such as adequate fire exits to provide for the size of crowds these events draw, nor do the hosts provide adequate security or monitoring against illegal drug or alcohol use. Additionally, the sale of alcohol is closely regulated and often these illegal events do not obtain the proper permits to comply with local laws to protect the public welfare and the attendees of these events.

During investigations regarding promoted events, both legal and illegal, detectives and analysts work to gather social media accounts linked to event promoters. It is common practice for one person to have multiple accounts. Prior investigations and experience have shown that some individuals keep their personal accounts separate from business accounts, while some link all their accounts together. Linking accounts is done in several ways. Instagram allows a user to create a “bio” which tells followers who they are following and what the content is meant to express. Users can link other accounts in the bio, they can tag other accounts in posts and stories, or repost content from other accounts to further engage followers.

### **Affidavit for Probable Cause**

Flyers are a form of digital media used to publicly advertise events across social media platforms. When posting event flyers promoters often leave out details, specifically the address. This is a tactic to deter police intervention. A delayed release of the event location slows law enforcement intervention. Most flyers contain wording such as “dm for addy”, “Location: DM Host”, or “Private Location”. DM, meaning direct message, is a method of instant message communication privately between two parties through the messaging system of the particular social media site, i.e. Facebook Messenger. DMs are used in lieu of posting replies to the publicly viewable post and comments section. Hosts are outlined on each flyer and vary depending on the type of party.

Detectives communicate via undercover Instagram accounts using direct message with party hosts to learn the location of events and other details that may not be posted on the public flyer. When an address is given prior to an event, Detectives work to prevent the event if it is in violation of laws or ordinances or if violence is likely. Propensity for violence is measured by but not limited to the following: advertising of narcotics and alcohol, flyers depicting firearms, and the attendance or further event promotion by subjects known to law enforcement. This intervention is multifaceted, as Detectives work with short term rentals, event centers, alcoholic beverage establishments, city agencies and promoters themselves to interrupt and deter illegal events.

### **INITIAL INVESTIGATION OF JALEN HELM**

Due to a significant increase in short term rental parties resulting in violence, IMPD’s Nuisance Abatement was tasked with tracking the promoters for these events. During our investigations, the Instagram accounts: naptownjay, naptownjayent\_, and jaygottmotion\_ quickly became one of the more popular promoters. Detective Mastin learned that these accounts all belong to Jalen Helm DOB 06/16/2005. Identification was made with assistance from Washington Township School Police Department, at the request of Nuisance Abatement analysts. Helm at the time was seventeen years old, and is a North Central, True North student. The Instagram accounts are linked by tags on the accounts themselves as well as photos of the account holder Helm on each account. Helm uses these accounts to advertise his business as a party promoter and host, this includes promotion services and event flyers.

Helm uses different avenues of social media and text messaging to communicate with DJs, other promoters, caterers, event venues, short term rental properties, and potential attendees. Helm is also using his cash app (\$naptownjay1) to accept and send payment for business related expenses, to include but not limited to promotions and entry fees. Naptownjayent\_ is Helm’s business Instagram page where he advertises publicly “Book me for your partys all booking information text me on this page!!!!!! Thebiggest”.

The information contained in this affidavit is known personally to your affiant or learned from other law enforcement officers. The facts come from personal observations, interviews, information contained in IMPD’s Records Management System, and open-source investigative techniques. Those facts are further supported by information gained by executing search

warrants for Helm's cellular phone, social media accounts, and CashApp account.

#### EVENTS PRIOR TO JUNE 16, 2023

All the below listed events were publicly posted, a DJ was advertised, and a cover charge was posted. The invitation for bringing your alcohol and marijuana violates IC 35-45-1-5 Maintaining a Common Nuisance. The overall promotion for the party is illegal and Helm was involved as a host, paid promoter, or both.

Jalen Helm promoted a hosted a number of parties prior to turning eighteen on June 16, 2023. This included 16 events in the winter and spring of 2023. These events show the development of Helm's business model and a clear pattern as to how the events were hosted. There was also an increase in violent activity at these initial events that required police involvement and resulted in one death. None of these events were properly licensed nor had the appropriate permits for the sale of alcohol.

**FEBRUARY 12, 2023:** On February 12, 2023, the Naptownjay Instagram account shared the party address 6021 Ralston Avenue, Indianapolis, IN 46220 six times via direct message. At 2:24 am IMPD officers were dispatched to 6021 Ralston Ave on a large fight (IP23021200000201), twenty people fighting in the middle of Broad Ripple and Ralston and damaging a vehicle in front of the residence. No report was made for this incident.

**FEBRUARY 18, 2023:** On February 18, 2023, the Naptownjay account promoted the address 6909 Governor's Point Boulevard, Indianapolis, IN 46217. At 10:43 pm a loud music complaint was made on the address stating several subjects outside loitering. At 11:04 pm IMPD officers spoke to occupants who stated it was a gathering for an eighteen-year-old, officers asked that music be turned down.

Officers were later dispatched to 6852 Governor's Point Boulevard for a disturbance with a weapon. M.P. reported a black male was urinating on his home at around midnight. When M.P. asked him to stop the young man pointed a gun at him. M.P. stated he believed the suspect came from the loud party down the street.

**APRIL 1, 2023:** On April 1, 2023, Helm hosted "girlthatsking" Birthday Celebration. This flyer advertised "BYOB/BYOW" which Det. Mastin knows to mean bring your own booze, a slang term for alcoholic beverage, and bring your own weed, a slang term for marijuana. The flyer included instructions to DM or direct message for the location. This event also had a \$5 entry fee for girls and \$6 for boys. Between March 31st and April 2nd, the Naptownjay account shared the address 3357 N Kenwood Ave, Indianapolis, IN 46208 a total of sixty-four times via direct message. Helm also shared this address once via text.

On Saturday, April 1st at approximately 11:50 p.m. IMPD Officers were dispatched to the address on a report of shots fired. Officers arrived to find roughly sixty people playing loud

music and shouting inside the home. Six shell casings were recovered from the address to include rifle rounds. Body camera showed officers on scene located shell casings directly outside the address. Officers were outside the address for twenty-five minutes while occupants gathered their items and left the residence. Three homes were damaged by gunfire reported under IMPD case number IP230030515.

Homeowner C.J. spoke to the renter via direct messaging through VRBO prior to the booking and expressed no parties were permitted. N.B. was listed as the responsible party on the booking and stated she understood. Shortly after midnight on April 2nd C.J. again told N.B. no parties and stated everyone had to be out. The reservation was cancelled, and police assisted in removing all occupants.

**APRIL 28, 2023:** On April 28, 2023, the Naptownjay account shared the address 7909 E 35th St, Indianapolis, IN 46226, three times via direct message. The address 7901 E 35th St was shared twice via direct message.

At 12:43 a.m. IMPD Officers were dispatched to 7901 E 35th St for a person shot, resulting in a homicide. Police learned the party was hosted at 7901 E 35th St where a person was found deceased in the front entrance of the address. Party goers who were detained stated they did not see anything or know anything about the shooting. The homicide investigation is under IMPD case number IP230039965.

### Affidavit for Probable Cause

Helm had the following conversation via direct message from the Naptownjay account, indicating he was not only at the party but saw the homicide victim.

*its\_railynn (Instagram: 8152768745): Omg I'm so fucked up I seen his body and everything 🙄🙄*

*naptownjay (Instagram: 4310994229): Ik my brain cannot stop thinking about it*

**MAY 6, 2023:** On May 6, 2023, Helm and C.S. planned and promoted to cohost, "Lil Weez 18th". This event advertised security, \$5 cover that increased after 10 pm, and bring as you please "blowing leaves and a champagne bottle emoji" which Det. Mastin knows to mean marijuana and alcoholic beverages. Helm is pictured on the flyer with a bottle of Patron tequila in his hand. The flyer states the location will be released the day of the event.

IMPD Captain Christopher Boomershine spoke to Helm's father J.H. who stated the party would be cancelled. Capt. Boomershine also spoke to C.S.'s mother C.W. who did not provide reassurance either way. C.S. later posted a story to his Instagram account "wuv.cam", stating, "I can't do no party promo or nunna the sorts rn, the feds got my nuts inna chokehold and ian can posted shi". No further event flyers were posted, and the party did not take place.

**JUNE 16, 2023, JALEN HELM'S BIRTHDAY PARTY**

### Affidavit for Probable Cause

The following event was Helm's eighteenth birthday. On June 16, 2023, Helm hosted "Naptown Jays Gemini Birthday Bash" with sounds by DJ Milo. The event charged a \$10 cover and had a private location. Helm is seen again on the flyer with a bottle of Patron tequila in this hand. The caption for the flyer posted on June 11th read, "ITS ON THE FLOOR THIS FRIDAY ONNA WESTSIDE OF INDY,,MAKE MY BIRTHDAY FAT ,AND YOU KNOW IM BACK AGAIN WITH MY COHOST , @reall.boujeee @wuv.cam

!!#ADDYDROPDAYOF!!!!!!". The Naptownjay account shared the address 5030 W 71st St, Indianapolis, IN 46268. Helm went on to say the location was next to the Kroger. On Saturday August 5<sup>th</sup> IMPD Nuisance Abatement Captain Carter received the following email reference Helm's event the night prior.

"On Friday, August 4, 2023, at approximately 2000 I, Detective Sergeant, Jon Street, CTC14 with Center Township Marion County Constable Office was at Venue 56 event center located at 5035-D w 71st when I observed numerous individuals seeming to be aging between 16-21 years of age entering the establishment without showing identification verifying their ages carrying alcoholic beverages inside the building.

Upon entering the building, I made contact with a black female with long hair, holding a microphone that identified herself as the co-host of the party. After walking into the building, I observed a table containing wristbands and tickets. Upon further entering the establishment I observed a disc jockey at a table with playing music.

Shortly after observing the disc jockey, I made contact with a black male with long braided hair that identified himself as Jaylin. After making contact i realized that Jaylin was a male that was in an email involving house parties/short term rentals. I asked Jaylin what the age range of the individuals that were allowed in the building and he stated from 18 years of age to 21 years of age.

### Affidavit for Probable Cause

Upon exiting the building, I smelled the odor of burnt Marijuana along with a cloud of smoke as multiple individuals danced on the dance floor.

After exiting the building re-read the email referencing the illegal parties which identified Jaylin as AKA Naptown Jay on a social media site identified as Instagram.

While being outside the building i observed more individuals entering the building without their ages being verified as well as individuals not being searched properly for weapons while the music continued to be played loudly and heard from the inside of the building.”

S.B. agrees stating Helm has security and the DJ. A third person will receive a portion of the proceeds from the door and the three agree to an even split. Roughly four and a half hours after the shots began this conversation starts again and S.B. says, "Jay we needa meet up and split that sack twin.". The homicide scene was still active at this time.

While on scene on October 29<sup>th</sup> Det. Mastin spoke to building owner A.B. who stated the space was leased and the intended use was for the sale of beauty supplies. A.B. further stated no one should be in the space at that time. A.B. did not come to the scene until later that same day. Furthermore, this business did not have an alcoholic beverage permit issued by the Alcohol and Tobacco Commission. There was no Dance Hall Permit issued by the City of Indianapolis.

On October 31, 2023, Det. Mastin spoke to T.G. who leases three units at the property. T.G. rented the space to S.B. and N.B., we later learned S.B. is featured on the event flyer. T.G. also provided information that a party hosted by J.W. got shut down and all attendees were relocated to the above 65th St address. As previously noted, Helm and J.W. have cohosted events in the past. J.W. contacted Helm numerous times during the event via text and Instagram direct message.

On November 2, 2023, a search warrant (49D33-2311-MC-030933) was executed on all three Instagram accounts belonging to Helm.

Also, on October 31st Det. Mastin spoke to Helm on the True North campus to serve both ordinance violations and infractions for his promotions of this event. During this exchange Helm had his cellular phone in his hand, a black iPhone 12 with a red cell phone case. Helm used the phone to show Indiana State Excise Master Officer Swallow how he used the phone to take a photo. A search warrant (49D18-2311-MC-030794) was executed on the device at North Central on November 13, 2023. On November 14th a search warrant (49D26-2311-MC-032040) was submitted with the iPhone 12 serial number H4YK7D9S0DXP to IMPD Digital Forensics Unit for analysis.

### **THEFT / FRAUD INVESTIGATION**

Helm is not registered in any way as a business with the Indiana Secretary of State. Helm advertised his promotional pricing as, "\$200 non-refundable deposits is required among booking (No Deposit No Event) We provide ◦ Building ◦ DJ ◦ Photographer ◦ Promo ◦ Flyer ◦ 360 ring light (\$150 additional fee) We do charge people to get in! Girls: \$10. Boys: \$10 Wristbands: \$15 All the money goes to us!! but all decorations are self-provided!”

Further investigation of Helm’s personal cellphone and Instagram accounts lead Det. Mastin to better understand the financial details of Helm’s business operation. Helm talked often about his employment with Taco Bell, specifically about how he worked the drive thru window. During these shifts Helm would take photos of customer’s bank cards. Over 100 different cards were identified in photos located in contents of Helm’s phone and accounts between December 2022 and November 1, 2023. These photos contain all necessary information to complete a purchase using said cards without the card holder’s consent.

Photographs of cards belonging to the following individuals were found on Helms’ phone and all appeared to have been taken by Helm at Taco Bell. This a small representation of the photographs found on the phone:

8/27/23	C.S.
9/10/23	L.M.
9/15/23	D.K.
9/19/23	W.I.
9/24/23	D.C.
9/24/23	E.D.
9/25/23	K.S.
9/27/23	M.H.
10/8/23	I.S.
10/8/23	P.G.
10/17/23	G.K.

Additionally, Det. Mastin found screenshots of True People profiles for names matching those found on the bank cards photographed by Helm. This is important because online purchases often require the zip code associated with the bank account for purchasing. Det. Mastin also found a handwritten list numbered one through fifteen with names, bank card numbers, CVVs, and zip codes.

The Naptownjay account shows communications via direct message with multiple users arranging the sale of said cards. Between April 2023 and October 2023, Helm took payment and sent photos of credit/debit cards belonging to unknown people.

On June 14<sup>th</sup> Youncedag sent a screen shot confirming payment to Helm’s CashApp “\$naptownjay1”. A payment of eighty-five dollars in exchange for the information from twelve bank cards. Helm then sent seventeen photos which included a variety of bank cards, both front and back. These photos contain all necessary information to complete a purchase using said cards without the card holder’s consent. Helm was employed by Taco Bell at the time. During several exchanges Helm talks about taking “cards” while working the drive thru.

The card information stolen by Jalen Helm was used to make unauthorized purchases. Some of those purchases were conducted by Helm himself, and others by individuals he sold the stolen card information to. Emails recovered from Helm's phone show receipts for five separate purchases, one from Taco Bell and four from Texas Roadhouse, totaling \$834.24 using a Visa card ending in x-1405. A photograph taken of a bank card on 10/08/2023, approximately one to two weeks prior to the purchases, shows a Visa card with the last four digits of 1405. This pattern of theft and fraud resulted in financial gain for Helm, and in part was used to finance or purchase items for his promoted parties. In total, identifying information for over 114 individuals including full card numbers serviced by 35 financial institutions were located on Helm's phone.

Photograph of card ending in 1405 captured on Helm's phone.

### KNOWLEDGE AND ESCALATION OF VIOLENCE

As noted above, Helm was directly involved in numerous parties where illegal activities were conducted. IMPD responded to incidents surrounding Helm's events as early as February 2023. After that, Helm was made aware of police contact that prompted him to change his promotional materials and venue before additional police intervention prevented the event all together. A separate event in March was prevented due to police intervention.

On April 1, 2023, a weekend long Airbnb party hosted by Helm resulted in shots fired. On April 28, an event promoted by Helm resulted in a homicide. IMPD Nuisance Abatement spoke to Helm's father about the event promoted for May 6<sup>th</sup>. This conversation detailed the illegal activity and increased violence being seen at parties in which Helm was involved. On August 3, 2023, IMPD Nuisance Abatement spoke to Helm's father reference photos of Helm with a Glock handgun. Det. Mastin expressed concern due to a steady increase in violence.

On August 19, 2023, Helm posted a video with two subjects holding rifles captioned, “I like pulling up to parties by myself”. Several videos were shared after this party of young people holding both handguns and rifles, some pointing them at the camera, while dancing to music inside a home (video file 205189869201).

On September 12, 2023, Helm purchased a metal detecting wand, seen at concert venues and other large commercial businesses. On September 16, 2023, Helm hosted a party with a clear message no guns allowed on property under any circumstances. However, Instagram direct messages indicate he allowed “damndex\_” to bring his gun in.

Helm hired armed security for the October 28, 2023, Halloween party, this was a \$500 expense. Helm openly promoted smoking and drinking for this event and arranged a caterer to sell Casamigos Jello-shots. Helm was also involved in conversations noting that edibles and a “gas man”, which Det. Mastin knows to mean marijuana dealer, would be present for party goers. In these messages, the hosts also discuss bringing guns in but keeping them hidden. Helm had a screen recorded video of patrons dancing with firearms inside the building. When Helm shared the video with cohosts S.B. replied, “We know who did it tho. I just don’t wanna speak onnit.”. Post event, in a text thread with cohosts, Helm shared knowledge of several people inside the building with guns. Helm went further to say these individuals let others into the building with

more guns.

On October 30, 2023, Jalen Helm had a conversation with two co-hosts regarding the presence of guns at the October 28 Halloween Party:

- +14637665180 Jalen Helm (owner): And ngl I told y'all about what y'all brother did he let all them niggas in with guns look*
- +13172130223: Yeah ik i told him about ts but the only reason they had guns was bc we aint see yall w nun yfm*
- +13172130223: My brothers was pose to bring they guns inside they bookbags just for our protection incase mfs tried to fw our party*
- +14637665180 Jalen Helm (owner): Yess she did lol she had it on her hip*
- +14637665180 Jalen Helm (owner): And her dude*
- +14637665180 Jalen Helm (owner): They both did*

- +13172130223: Although they had they guns it wasnt then*

After the shots fired incident on April 1<sup>st</sup> Helm advertised security would be enforced. Helm changed his marketing to remove the use of BYOB/BYOW from his flyers, he added 18+ which he states is to keep "12" off him (audio file 228022566534026). However, even with these changes, Helm allowed individuals with firearms to enter his events. This is evident in the promotional videos which includes footage from his parties, many of which are taken after the flyers stated that security would be enforced, in which party goers are seen waving guns in the air, activating gun lights and laser sights. After the event on August 19<sup>th</sup> Helm shared video from inside the home of party goers flashing guns. This footage among other videos of teens with firearms was put together in a promotional video cataloging RJ's birthday. This was an event that Helm hosted and promoted. There are numerous firearms featured in the almost one-minute video (video file 254841060804073).

Further investigation of the social media and cellphone belonging to Helm showed promotional videos from party footage. Videos show an escalation from groups of young people dancing to large groups dancing with bottles of alcohol waving guns around. Several of Helm's cohosts are seen posting on social media with firearms. Helm was aware of the escalation and increased potential for violence surrounding his events which is evident in his communication regarding police intervention.
